So Big

GREETINGS.

Let me thank each and every friend and customer for the kindness and courtesy shown me, not only this year but through all the years I have been growing gladiolus.

Many of you will know that I have been ill the few months, but I am feeling better and looking forward to another summer of growing and hope to see many of you again when they are in bloom.

With best wishes to you all,

MRS. GEORGE KINYON.

PLEASE READ TERMS CAREFULLY BEFORE ORDERING

TERMS: At these prices we prepay delivery on orders for \$1.00 or more to any part of the U. S. You may order 5 bulbs at the 10 rate.

If you do not find listed, the variety you want, write us about it as we have many varieties in too small quantities to list but could spare a few.

Every precaution is taken to produce clean, true to name bulbs. Any bulbs that prove not true to name will be gladly replaced. There will be no substitution of variety without permission.

For an order anywhere in this list mounting to (from \$3.00 to \$10.00 you may select 10% extra in bulbs. (For an order amounting to from \$10.00 to 20.00 you may select 15% extra in bulbs and in addition to this we will send your choice of one bulb, either REFLECTION or ROSE OF MICHIGAN.) These extra bulbs are only given with orders amounting to \$10.00 or more.

KINYON ORIGINATIONS

New for 1940

Wenonah (Exhibition). (75 to 80 days). Salmon pink. Winner of the American Home Achievement Medal. The Michigan Horticultural Society Medal, Michigan Gladiolus Society Certificate and the honor of being the highest scoring seedling at the Michigan Gladiolus Society Show. A most dependable performer in every way. Wenonah will open 10 to 14 wide open blooms closely placed but not too crowded. A 4 foot spike-head in perfect harmony.

Only large bulbs-----\$1.00 each

INTRODUCTIONS OF 1939

Emblem of Purity (Decorative). Ruffled Pure White. There are no other Gladiolus that can equal this one for purity of color, performance and blooming ability. Will open 10 or 12 perfect round ruffled waxy textured blooms on medium tall stem. Won as a seedling in 1938 a first class award and **The American Home Achievement Award**. All who have grown it say it is the best ever.

	Large	Medium	Small	Bulblets
1	\$2.50	\$2.00	\$1.50	\$.20

Reflection (Exhibition) (85). Lavender. A most beautiful clear light lavender with no markings, flakes or lines. Blooms 6 to 8 perfectly placed giant blooms on a 5 ft. or more always erect stem. An extra strong grower and propagator. Excellent commercial or show variety.

	Large	Medium	Small	Bulblets
1	\$.75	\$.40	\$.20	2-.10
10	6.00	3.40	1.50	10-.40

Rose of Michigan (Decorative) (80 to 85 days). A gladiolus that may well be compared to an American Beauty Rose in color and beauty. It can be made to grow large enough to be in the Exhibition Type, but loses some of its delicacy thereby. Color is deep rose red, which deepens in tone in the long round throat. Opens 6 to 8 blooms on a graceful stem. Foliage is dark blue-green. Correct growing height is about 4 feet. The best variety in its color class and one that will be widely useful to Florists and all who like richly colored Gladiolus bouquets.

Price the same as for ('REFLECTION'.)

INTRODUCTIONS OF 1938

Bye-Lo (Decorative). (Midseason). LaFrance pink delicately blending to lighter throat. Single pencil markings on lower midrib. Good spike with eight or more perfectly placed blooms open at one time on an always straight spike. Parentage W. H. Phipps X Baby Betty. The blooms have

all the grace and beauty of Baby Betty with larger size and more open. Winner at Michigan Gladiolus Society show 1938. 1st prize at Connecticut show 1938.

	Large	Medium	Small	Bulblets
1	\$.50	\$.30	\$.20	2-.10
10	4.00	2.40	1.60	.40

Edward J. Scheffer (Midseason).. An extra pure white of the lily type. This is one of the very whitest of whites, and the spike is tall and strong with many large blooms of beautiful texture and good substance, open at one time. Will open large to end of spike.

	Large	Medium	Small	Bulblets
1	\$1.00	\$.85	\$.75	\$.10
10	13.00	11.00	9.00	.75

Iosco (Exhibition). (Late). Ivory buff blending deeper on lower petal. This will be classed as a buff and is one of the tallest varieties I have ever seen. Many large blooms of good texture and heavy substance open at one time on tall straight spike.

	Large	Medium	Small	Bulblets
1	\$.75	\$.40	\$.20	2-.10
10	6.00	3.40	1.50	.40

Tyrian Princess (Decorative). (Midseason). First shown at M. G. S. show 1937 where as Seedling No. 508 this beautiful variety won the seedling award, scoring 89 1-2 points. The color is mallow rose or rose-purple, with an indistinct maroon feather, tipped cream on lower petal. The blooms which have a beautiful texture are compactly spaced with many open at one time on a gracefully long, strong spike.

	Large	Medium	Small	Bulblets
1	\$.50	\$.60	\$.20	2-.10
	4.00	5.00	1.60	.40
				100-3.00

White Spire (Exhibition). (about 90 days.) Pure white slightly frilled. Tall with large perfectly placed blooms. The petals are chamois-like in substance, being thick and resilient. The white of this variety is most lovely, being a pure glistening white with no markings. The stems are heavy and will hold upright the eight massive blooms which open at one time on an eighteen to twenty-four bud spike. The spike may be cut in tight bud for shipping and will open to perfect size and condition. After you have once seen a full bloomed spike of this, it will never be forgotten. Took first in Indiana, Connecticut, Michigan and New England Gladiolus Shows in 1938.
